Additional Skills

- Project management
- Writing
- Fundraising

*"**Laura is a terrific designer and creative partner.** We have worked together on 10-20 projects over the last decade, always with superior results. Her artistic vision is outstanding, and her execution is flawless. I have found her services to be reasonably priced, and an excellent value for your budget. She brings practically no ego to her work, and takes constructive feedback extremely well (not all designers do!). Deadlines have never once been a problem in my decade of working with her.*

On a personal level, she's a joy to work with. Can't recommend her enough if you need graphic design or other creative services!"

— Brent Thompson, Former Director of Communications
   William Penn Foundation, Philadelphia, PA
